INTERNATIONAL MYELOMA FOUNDATION  
*presents*

Living Well with Myeloma Webinar Series

# Myeloma Patient Safety and the Coronavirus

Brian G.M. Durie, MD

As the COVID-19 respiratory virus spreads across the country and around the world myeloma patient safety is a paramount concern of patients, families and caregivers.

Please join the International Myeloma Foundation for this timely and important live webinar, Multiple Myeloma Patient Safety and the Coronavirus, featuring myeloma experts sharing the latest updates, insights and resources to help keep you safe.

There will be an opportunity for questions for our speaker panel during the webinar.
